"LOVE LESSONS"

A ROLIN COMEDY

Green Street

Special services for Sunday, October 2nd.

We have just 32 days to complete the business affairs of the church.

Thirty days from next Sunday I shall leave Union for Lancaster to attend the annual conference.

The destiny of the church, for the next four years, depends upon the presence of every church official; every officer and teacher of the Sunday school, every member and friend of the church at 11 a. m.

If you love and are interested in your church, and I think you do and are, lay aside everything else and come Sunday morning. Matters of vital importance demand your presence and attention.

At 5 o'clock Sunday afternoon there will be a vesper service. At this hour we ask all parents of the church to bring their children and present them to the Lord in holy baptism. Immediately thereafter baptism will be administered to adults.

At the conclusion of the service all who have recently joined the church, by letter or otherwise, will be received into full connection.

Please be present that we may give you a warm and cordial welcome into our church.

J. B. Chick, Pastor.

Santuc

Miss Mary Gillmore has gone to G. W. C. at Greenville.

The school here is under way with Manning T. Jeter as principal and Miss Vera Trotter as assistant. Prof. Jeter of this place graduated at Furman last June.

The Union County Baptist association met here at the Baptist church last week, and was in session two days, Thursday and Friday, 22nd and 23rd) and was well made up by representatives from the 24 churches forming the association. Also there were quite a number of visiting men of note representing the various boards, departments, objects and institutions fostered by the denomination. The meeting was very interesting, and enlightening and this particular local church is well pleased with their part in entertaining the body, taking care of the "inner persons," and being grateful to those several of the other denominations, who felt an interest to attend and assist. The delegates and visitors, singly and collectively, gave praise to it. These kind of meetings may be good for a community if people will make it available, or some may not have "none of it."

I see that the grand jury "strongly recommend that the county engineer repair all roads," etc. Quite a number of people think, or are of the opinion that a lot of the county money is put on the waste line. The work has been going on, but misapplied. It is somewhat like an amateur farmer's work of laying off a hillside field with concaves and convexes, putting in "point" and "turn" rows properly, and keeping them on the level. Different men at road working may be like different men building houses. Or like different men with the same axe

YEAST BEST WHEN TAKEN WITH IRON

If Weak, Thin or Rundown
Try This New Treatment in Tablet Form—Watch the Quick Results.

Everyone has heard of the apparent wonders performed by yeast in restoring this sickly, and run-down people to health. And now it is found that even more surprising results are brought when yeast is taken with iron, the great blood-builder.

People who for years were weak, pale, anemic, all run-down are regaining their strength and health almost as if by magic through this remarkably effective combination of tonics. And the best of it is that you can take it in pleasant tablet form—no need to eat yeast cakes, which are so disagreeable to many.

The preparation in which these two great health builders have been combined is known as Ironized Yeast. This contains highly concentrated brewer's yeast which is far more effective than ordinary baker's yeast because it is richer in vitamins. Vitamins, as we all know, is the mysterious element which science has found to be so absolutely essential to health. Due to modern methods of food preparation vitamins are lacking in most of our commonest foods—and that is why so many of us become sickly and run-down.

If you are suffering from loss of strength, if you frequently become exhausted, if your food has no taste for you, or if you are irritable, thin, pale, nervous, or generally run-down, then try this remarkable new tonic.

Ironized Yeast will in most cases bring a decided improvement within three days. It will usually clear up shallow or muddy complexions within ten days. From everywhere come enthusiastic reports of what it is doing for people.

It is packed in patented Sani-tape packages and will keep indefinitely. Its cost is no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10¢ a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.

IRONIZED YEAST TABLETS

HIGHLY CONCENTRATED VITAMINE TONIC

trimming the end of a handspike. There maybe a right time and wrong time to escape a road, and at the wrong time it is as well to use up the money standing in a corner of the fence, as running over the roads. In any kind of work one man's objective may be monumental, ambition, and another's objective would be money. Many farmers are speaking of sowing wheat, and more oats. Last season many did not care much about sowing wheat; the yield was too low. Well, it is low, but he is a poor farmer if he cannot increase the yield, myself included. Judging from the boll weevil they cannot long say, "I can make cotton enough on the same land to buy more flour." Some men still say they are not afraid of the weevil, but they acted the rascal with me this year and is a little devil to me. Hey Denver.

The word "reverend" only occurs once in the Old Testament.

Special Advertisements

THE NULITE MATCH-LITE LAMP

Quickly changes the dimly lighted, uninviting room into a brilliantly lighted cheerful place at low expense and with greater safety than other lights.

A 400 candle power light without wick, chimney, smoke, smell, grease, dirt or trouble.

There is really no excuse now-a-days for the rusty, old-fashioned lamp.

Call and See This Wonderful Lamp.

Let us explain its simple construction. It lights quickly, with a common match.

Unaffected by high wind, rain, snow and sleet and built for hard use.

Ideal for the farmer, dairy man and storekeeper and for night and early morning chor-ing around the house, barn, milkshed, feed-lot, etc.

A 400 candle-power light costs one cent for 3 hours burning.

Drop into Our Store

Let us show you this powerful story-light. It equals 20 ordinary wick lamps.
